

# Award of *Merit*

## **PROJECT:**

Aurora Municipal Center  
Aurora, Colorado USA

## **MIA MEMBER COMPANY:**

**The Denver Marble Company**  
Englewood, Colorado  
Stone Fabricator & Installer

Rojo Alicante and Botticino marble, Jura Beige limestone, and Absolute Black and Uba Tuba granite are all incorporated into approximately 15,000 sq. ft. of flooring, a grand stairway, and wainscot walls in the Aurora Municipal Center. Highlights include two starbursts in the lobby, the larger measuring 30 ft. across and featuring five different stones. Additional features include thermal finished Uba Tuba nosing at the stairway and stainless steel framed marble wall panels in the elevator cabs.

## **JUDGES' COMMENTS:**

“Use of stone is most appropriate and used very tastefully”... “The design represents a calm and subtle cleanliness”... “Nice floor and wainscot work.”

## **OTHER PROJECT TEAM MEMBERS:**

Architect/Designer: Barber Architecture • General Contractor: The Weitz Company  
Stone Suppliers: JMS, Germany; IMG, Colorado
